

APPENDIX H: LIST OF PREPARERS

Studies, reviews, and production of the Baton Rouge Loop Draft Tier 1 EIS have been conducted jointly by the FHWA, LADOTD, CAEA, and the HNTB – ABMB JV Team of consultant engineers, environmental planners, environmental scientist, and cultural resource specialist. The ACOE and USCG are cooperating agencies. Key personnel from federal and state agencies, and the HNTB – ABMB JV Team, with major area of contribution to the Project, are listed below:

Federal Highway Administration

Carl M. Highsmith
BS/Civil Engineering
18 years of transportation related civil engineering experience.
Project Delivery Team Leader

Bob Mahoney
MS/Civil Engineering
43 years of transportation related civil engineering experience.
Environmental Specialist

Scott Nelson
MS/Transportation Engineering
12 years of transportation related civil engineering experience.
Area Engineer

Louisiana Department of Transportation and Development

Noel Ardoin
Environmental Administrator
LA Department of Transportation & Development
PO Box 94245
Baton Rouge, LA 70804-9245
Project and NEPA guidance and document review.

Capital Area Expressway Authority

Melvin “Kip” Holden
Chairman
Capital Area Expressway Authority
Responsible for project management, guidance, and review.

Bryan Harmon, P.E.
Technical Advisor
Capital Area Expressway Authority
Responsible for project management and engineering review.

Cooperating Agencies

U.S. Army Corps of Engineers, New Orleans District (COE)

Mr. Stephen D. Pfeffer
Regulatory Branch
Department of the Army,
New Orleans District, Corps of Engineers
CEMVN-OD-S, P.O. Box 60267
New Orleans, LA 70160-0267
Responsible for Section 10/404 permit review and evaluation.

U.S. Coast Guard, 8th Coast Guard District

LCDR Ray Lechner
Commanding Officer, MSU Baton Rouge
U.S. Coast Guard
6041 Crestmount Dr.
Baton Rouge, LA 70809

Mr. David Frank, Bridge Administrator
U.S. Coast Guard
500 Poydras St.
New Orleans, LA 70130

Mr. Phil Johnson
Bridge Management Specialist
U.S. Coast Guard
500 Poydras St.
New Orleans, LA 70130

Responsible for waterway navigation and Section 9 permit review and evaluation.

Baton Rouge Loop Team

Madeline Brouillette
B.S. Physical Geography, emphasis on Geographic Information Systems (GIS)
23 years of environmental consulting experience, and has worked on and directed several EIS projects.
Project Role: Environmental coordinator, general technical reviewer, and waste sites analysis and documentation.

Michael B. Bruce, P.E.
B.S. / Civil Engineering
34 years experience in transportation management, engineering, and planning.

Project Role: Quality control reviews and project guidance for planning, design, geometric layouts, and stakeholder coordination and outreach.

Joseph Cains, III, P.E.

B.S. / Civil Engineering

8 years experience in transportation engineering and planning.

Project Role: Engineering analyses, corridor evaluations, and cost estimates.

Charles Dartez, CHMM

B.S. Biology

36 years of experience in the field of environmental assessment and waste management.

Project Role: Technical reviewer (environmental)

Karen Eldridge, GISP

B.S Geography, with a concentration in mapping sciences

11 years experience in a variety of GIS applications.

Project Role: GIS mapping and analysis, document exhibit preparation.

Martin Handy, M.A.

B.A. Archaeology, M.A. Anthropology

23 years experience in the field of cultural resource management.

Project Role: Cultural resources.

Thomas Hunter, RLA

B.L.A.

21 years of experience in transportation planning and environmental assessment of transportation and other major infrastructure projects.

Project Role: Traffic and general technical reviewer.

Bryan Jones

B.A. Mass Communications

6 years experience in transportation public involvement.

Project Role: Public involvement activities and documentation.

Craig Gardner

B.S. Chemical Engineering

19 years experience in engineering consulting, focusing on environmental engineering.

Project Role: Stakeholder's coordination and outreach.

Gordon Glass, P.E.

B.S. /M.S. Civil Engineering

29 years experience in structural engineering and project management.

Project Role: Bridge engineering concepts and layouts, bridge cost estimates and coordination of navigation simulation modeling for evaluation of alternatives.

Bob Schmidt, P.E.

B.S. Civil Engineering

29 years experience in transportation planning, environmental studies and design.

Project Role: Day-to-day project management and Study Team project coordination. Review of supporting work for environmental planning, design, geometric layouts, traffic and revenue studies and financial planning, and community involvement program.

Edd Manges, C.E.P.

B.S. Planning and Administration

23 years experience in environmental planning, analyses, and documentation.

Project Role: Preparation of various support and technical analysis sections of the EIS, EIS compilation and editing, document review and QA/QC coordination, NEPA conformity, Agency Scoping, Solicitation of Views, agency consultation and coordination, and public involvement support.

Bradley Marler, M.S.

B.S. Fisheries Management, M.S in Fisheries Science

22 years experience in environmental assessments including biological assessments and environmental impact statements.

Project Role: Biological resources.

Suzanne McCain, PE, LSI

B.S. Civil Engineering

23 years experience in the transportation industry, particularly in program management, transportation design, and environmental coordination.

Project Role: Deputy Project Manager, technical reviewer (engineering).

Adriane McRae, P.E.

B.S. Civil Engineering

11 years experience in transportation engineering & planning.

Project Role: Engineering analysis, and cost estimate review.

Allen Muhic, C.E.P.

B.S. Civil Engineering, B.S. Life Sciences

35 years experience in NEPA document preparation.

Project Role: Indirect and cumulative impact analysis.

Lindsay Nakashima, Ph.D.

Ph.D. Physical Geography/ Geomorphology

21 years experience in coastal geomorphology and GIS/Global Positioning Systems (GPS).

Project Role: GIS mapping and analysis, exhibit preparation.

Dongwoo Sohn, Ph.D.

PhD Civil/Transportation Engineering

18 years experience in civil/transportation engineering and traffic modeling.

Project Role: Traffic modeling.

Stephen R. Wallace, P.E.

B.S. / Civil Engineering

28 years experience in transportation management, engineering, and planning.

Project Role: Engineering analyses, corridor evaluations, and cost estimates.
